E-BUS FACILITY EXPANDED

Soon, AIIMS to have airport-like lounges for attendants of patients

Many end up waiting outside the hospital in harsh weather

EXPRESS NEWS SERVICE

NEW DELHI, JULY 31

IN A huge relief for attendants of patients, All India Institute Of Medical Sciences Debit (AlliMs) in Delhi has also unced plants to expend the patients of the patients of the patients of the patients daily in he of patients and in the patients. The three lounges will be set up for a cost of Rs 393 core under a CSR (corporate social responsibility) initiative, said officials.

These lounges, officials added, will be free and at par with airport lounges with a capacity to receive 5,000-6,000 attendants throughout the day. The attendants can utilist the facilities such as recliner chairs, to liet, and will be the patients. Along with this, the institute has also announced plans to expand its electric bus fleet to provide last-mile connectivity for train and bus passengers to key areas with the cambus.

vide last-mile connectivity for train and bus passengers to key areas within the campus. "Another set of these e-buses (20-seaters) with modern conveniences such as air-condi-tioning, low floor, and wheel-chair access will be provided," said an official.

The three lounges will be set up at different locations — near the Mother and Child Block, at New Rajkumari Amrit Kaur (RAK) OPD, and above the underground parking near the RAK OPD.

7 YRS AFTER HE SHIFTED TO NOIDA FROM VILLAGE IN MAINPURI

E-rickshaw driver loses 3 daughters in fire at home

AROUND 7:30 pm on Monday. AROUND 7:30 pm on Monday. Sheela came to visit her sister-in-law, Meenu, a the reinted one-room house in Nolda's Sector 8. While leaving, the 30-year-old, who lives in Sector 11 with her family, took her 12-year-old nephew and Meenus's son, Abhi, to herhouse. "It was hot, Ithought he could sleep at my house for the night," Sheel a resided. Abhild not know at that time that he wouldn't see his three younger sisters again. The three girs — aged 10.7 and 5 — deet in a fire that Proise out in the room just hours later. His father, Daulat Ram, a 34-year-old e-ricks haw driver, was severely injured in the

blaze He has been admitted to the Safdarjung Hospital in Delhi. His wide. Meenu, too sulfered an else-tric shockand is reovering at the district hospital in Noida. Daular Ram had shifted to Noida from Legaon village of Mainpuni in Utar Pradesh seven years ago with his wife, son and two daughters. He had remed a room on the first floor of a two-stocyed building in Noida's Sector 8 || Golony for Rs 3,500 a month. On the ground floor of this building is a small grocery shop. The first and second floors have two rooms each, which are rented to different people. The room, which was rented by Daulat Ram, has been sealed by the police. Chief Fire Officer Pradeep Kumar said, "Na round 4am the Fire Service Control Room re-

The three children died when they were sleeping in the rented one-room house

ceived information that a fire broke out in a room in a JJ Colony near the Sector 8 electricity office. Firefighting vehicles were rushed to the spot."

"As we reached the site, we found the five people while dous-

ing the fire," said Rambadan Singh, Deputy Commissioner of Police, Noida, A neighbour, Sunil, described the blaze as "massive". "We shouted and called for help

"We shouted and called for help and started throwing buckets of water... then the officials arrived. I have sustained some minor burns," he said. The family awaits the bodies of three children — 10-year-old Astha, 7-year-old Naina, and Syear-old Andina—who died. The bodies have been sent for post-mortern.

bodies have been sent for post-mortem.

Recallingthe turnof events the night before. Sheela on Wednesday said she dropped Abhi at her home and came back to her borther's home. "Our house is nearby, I could not sleep so! came back at around 10:15 pm. We took a mat to the terrace and

we were talking till 11 pm. Meenu then came downstairs and slep with her husband on the verande of her russand on the veralloa of her rented room as the girls slept on the bed inside," she said, adding that the family was unaware that a tragedy was waiting to happen. "I was sleeping alone on the terrace but at around 3 am, I felt a little anxious and woke up. After a while, I noticed some After a While, I noticed some smoke. Ithought someone had set some used cartons on fire. But once Ichecked, mybrother's room was on fire, "Sheela recounted. She then screamed in panic. "My brother took a woolen shaw!

"My brothertooka woolen shawl and nished to get my nieces. But they had already died. When Meenu tried going inside the room, she was thrown outside due to an apparent electric shock" she said.

Sanitation and safety concerns for women pilgrims amid Kanwar Yatra

claims to be able to accommodate 20,000 people at once. While Delhi Revenue Minister Arishi had also announced separate halls for male and female pilgrims. Here doesn't seem to be any provisions for female washrooms. An open area is the designated space for bathing, and it consists of just nine buses tukes of poster.

A Preventable Tragedy: Combatting Tobacco Use to

illness and death is heaviest.

Not smoking tobacco is the best way to prevent lung cancer. Other risk factors to avoid include: Secondhand smoke, Air pollution and Occupational hazards like chemicals and

substance. Governments, healthcare organizations, and society at large should smoking and reduce the associated risks. By implementing comprehensive strategies, it is possible to protect individuals from the harmfu effects of smoking and strive towards a healthier future for everyone. (3) The country

atting Tobacco Use to has rathled the World Health Organization (WHO) Framework Convention on Tobacco Control (FCTC), which is a global treaty aimed at reducing tobacco use and its health impacts. Several tobacco control measures have been implemented in India, including tobacco taxes, smoke-free laws, and advertising restrictions. The government has also launched campaigns to raise awareness about the health risks of tobacco use and to promote smoking cessation. Research findings support the use of policy Research findings support the use of policy. Research findings support the use of policy approaches to reduce youth tobacco use, including excise taxes to increase price, clean indoor-air laws, and restrictions on youth access to tobacco. These policies are part of a comprehensive tobacco-control program, and need to be pursued at federal, state, and local

need to be pursued at federal, state, and local levels of government, as well as in private organizations as applicable. Failure to adopt such proven strategies has been likened to withholding vaccines that are known to prevent disease. These policies and other tobacco-control strategies must be continually evaluated as well, requiring surveillance efforts that include detailed information about tobacco use and associated information about the control of the supplies the control of the c government funding.
